THE WORLD RENOWNED CINEMA ARTS CENTRE is located on Long Island's North Shore, just an hour from Manhattan. Unique in scope and programming, this prestigious center for film arts boasts three state-of-the-art theaters, including a main auditorium holding more than 300 seats. The Sky Room Café provides a warm ambience for the Cinema's wealth of cultural events—receptions, concerts, dance, cabaret, public forums—as well as a congenial place to meet before and after programs. It can also be booked for private events.

Pennebaker, and Arthur Penn—among others, and many yet to come.*

UNIQUE PROGRAMMING - Supported in part by the National Endowment for the Arts, the New York State Council on the Arts, such corporate sponsors as Newsday—and a loyal membership of nearly 10,000 cinema enthusiasts—the nonprofit CAC offers the most compelling American and international films today, restored classics as well as entertaining popular films, adventurous multicultural film festivals and a remarkable array of monthly film series, often coordinated with music, art exhibits and more. Educational programming includes workshops in screenwriting and filmmaking. An enlightening Arts in Education program introduces fine films to middle and high school students.

MEMBERSHIPS, SPONSORSHIPS, & NAMING OPPORTUNITIES - Individuals, foundations and corporations can support the Cinema in many ways. Individuals can become members with special privileges at various levels. All can become part of our creative process by sponsoring new and ongoing series, festivals, receptions and events. Permanent naming opportunities include select theaters, the Cinema Sculpture Garden, Garden Patios and the Exhibit Hall, as well as plaques acknowledging support for key improvements.

PUBLICITY & PROMOTION - Corporate sponsors and foundations benefit from high-profile credit on screen and in the Cinema's beautiful monthly FOLIO, which is distributed widely to Long Island's diverse population, including numerous urban commuters. Sponsored programs and guest artists also receive potential major publicity through features in NEWSDAY, the NEW YORK TIMES (LI Section) and other venues, along with FOLIO mailings to thousands of cinéastes, art cinemas and festival directors worldwide.

PRIVATE CONFERENCE AND EVENT CENTER - The Cinema Arts Centre is proud to offer the multi-purpose Sky Room for conferences, corporate retreats, and private receptions.

AN INCOMPARABLE CULTURAL HUB - Surrounded by a lush sculpture garden ideal for quiet reflection, the Cinema Arts Centre is a meeting place for arts, politics and culture adjacent to historic Huntington's Village Green and in easy reach of fine restaurants and museums. Our mission is to create an ever-expanding community of passionate filmmakers and filmgoers dedicated to exploring the greatest popular art form of our era.
